

COVID-19 - Second Meeting

Research Focus

- Will focus on mask effectiveness within Ontario
 - More specifically masks vs non masks
 - Within School setting in Ontario
 - How this will affect resurgence
 - Outside of school setting

Timeline

- We want to look at this time period specifically
 - Sept 2020 - Dec 2020
 - Look to see what happens during this march break in
 - Elementary Schools
 - No Masking Analysis to look at
 - R_t
 - Hospitalization
 - If we include Masking
 - How effective is this
 - With or without masking

Research Question 1: How does this look in schools

Research Question 2: With masks what does this look like

Research Question 3: What other NPI's can be included and how does this look in the model
